

# ABOUT US

## OREGON HIGHER EDUCATION SUSTAINABILITY CONFERENCE

The Oregon Higher Education Sustainability Conference (OHESC) is a platform for empowering and inspiring change making, facilitating action, and for sharing, networking, and collaboration related to sustainability within Oregon's higher education institutions. OHESC 2016 features two days of sustainability-related presentations, workshops, and networking for professionals, faculty, and students serving in a variety of roles around sustainability at our state's campuses.

## ABOUT LANE COMMUNITY COLLEGE

Lane Community College's mission is to provide comprehensive, accessible, quality, learning-centered educational opportunities that promote student success. Serving over 30,000 community members each year, Lane offers a gateway to a four-year university, a path to a career, and a resource for the community.

Lane infuses sustainability throughout its academic and operational programs and, therefore, has created the Institute for Sustainable Practices to guide this effort. The Institute coordinates associate of applied science degrees in energy management, building controls systems, renewable energy technology, sustainability coordination, and water conservation as well as operational sustainability efforts such as energy efficiency and recycling. All Lane students have the opportunity to engage with sustainability principles and practices whether it is enrolling in one of our many sustainability-related classes or degree programs or volunteering for a campus sustainability project.

# OUR FOCUS

## WHY SUPPORT THE OREGON HIGHER EDUCATION SUSTAINABILITY CONFERENCE?

Support fellow colleges and universities in the state of Oregon as we investigate societal challenges, test drive potential solutions and shepherd in a sustainable future. Your financial backing of the 2016 Oregon Higher Education Sustainability Conference helps spur the advancement and adoption of sustainability at institutes of learning and beyond, as attendees carry new knowledge, skills and connections into the broader professional and academic arenas.

By co-hosting the event, your institution gains recognition for its leadership in advancing sustainability as well as the opportunity to showcase your accomplishments to a diverse audience of administration, faculty and students.

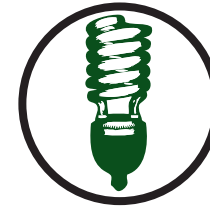

## THEMES

- Social Justice
- Economic Sustainability
- Personal and Planetary Wellness

## GOALS

Action and change

Innovation

Sharing, networking and collaboration

Engaging a diversity of the campus community

# WHY PARTNER?

## Highlight Innovation & Gain Recognition

Showcase leading edge practices, sustainability efforts and achievements.

## Support the Mission

Invest in the Oregon Higher Education Sustainability Conference and drive its goal to enhance the sustainability practice and research among Oregon's higher education institutions.

## Build Relationships

Collaborate with attendees to build new partnership opportunities and synergy between higher education and the regional business community.

## Facilitate Learning

Provide a forum for brainstorming to solve common challenges, highlighting best practices and sharing lessons learned
